

09-07-1984-p.2

09-08-1984

Sent copy to Nan Waters of Roger P. Craig's letter of 08-29-84 to SRP. On that copy I wrote: "9/7/84 Nan - I received your letter on 9/6/84. Excellent news. Thank you for your help in making this a reality. Robert Powell."

David St. Ledger (who's teacher there but I didn't know that he does) came into the office as I was making my inquiry about being a substitute. He was very friendly and suddenly I had instant credibility & David even asked the woman ^{that was giving me the form} if I could sub for him on Monday because he will attend a funeral on that day. No, she said. He (SRP) will first have to be approved by the board, which I'm sure is just a formality. At any rate, I think that I'm all set for Forest City High School. I tentatively floated out of the school with my application, which I will complete and hand in on Monday morning.

Rev. Claude A. Pullis
Doctor of Ministry
717 282-1511

PASTOR, BEREAN BAPTIST CHURCH
33 Lincoln Ave., Carbondale, PA 18407

at about 7:30 PM, I heard a car door slam and I was sure it was going to be Joe & his lady friend (whose name I can't recall at the moment). I went out & looked. Nothing. Then I saw Rev. Pullis' name card on my windshield. ^{that was that}

When Jean & I arrived in Carbondale from Forest City, I drove down to CATHS and picked up a blank application form for the substitute list there. Jeanne Wallis or Waller (Mr. Walsh's secretary) was very very friendly and pleased to see me. She offered to make copies of the certificate for me and did make about 10; I also asked her to make 3 copies of the Craig letter of 8-29-84 and she asked - "will that be enough?" I was very touched. And so on Monday I will deliver my completed application and that will be that. Also on Monday, I should make the trip over to Lakeland and get myself on that list as well.

09-07-1984-p.3

a perfectly wonderful evening at home. Bought some beautiful acorn squash at Shop Rite today in Eyrone - 3 pounds for \$1.00. An entire squash I cut into thirds and saved the seeds & put the squash into boiling water for about ten minutes - I then put butter & salt & pepper on it & I must say it was delicious, very delicious. I have two more acorn squash and three butternut squash. With the squash I had one of Walter Powell's tomatoes - sliced with olive oil and basil on it. Delicious, very delicious. Some of the excellent bread from the Imperial bakery and some cold Darjeeling tea and that was dinner. It was all very luxurious indeed.

all evening long I caught up with this account of my life during the past few days; drank hot tea with bread and honey (buckwheat & also some clover honey that I bought in Honesdale today) and listened to music (Dvorak's "New World Symphony," a Brahms quartet, L'Histoire du Soldat & Pulcinella by Stravinsky, Civil War music). On this tape of a Rebecca Colver record which Chuck now has is Abraham Lincoln's Funeral March. Very beautiful.

at the moment, Pulcinella is playing. When it is over it will probably be after 11 P.M. and I will make another attempt to reach DAP on the phone. For the past two evenings he has not been at home when I telephoned.

Took several photographs of tombstones in Sekdale Baptist Church Cemetery. "Discovered" the John Anderson tombstone that marks the grave of Louise Anderson's ancestor.
